ELECTION-COS · FIELD CANVASSER TOOLKIT

TAKE THE WAR ROOM TO THE STREETS.

Capture consent at the door. POPIA consent is recorded with every voter you log, so you comply before you campaign.

Works with no signal. Offline first: your work syncs when the network returns.

One war room. Your ward lead sees live counts. Individual voter details stay in your scope.

Casework that is followed through. Every doorstep complaint becomes a tracked referral.

Anonymous polling. Closed-choice questions, counts only, small groups suppressed.
